THE LARRY AND DAWN MENARD *Collection*

SATURDAY, OCTOBER 2, 2021 • 9:00AM

**Northern Wisconsin State Fairgrounds
225 Edward St., Chippewa Falls, Wisc. 54729**

Let's Go for a Ride ... The Larry & Dawn Menard Collection

Larry Menard grew up on the family farm by Eau Claire, Wisc. and learned to work from an early age. He enjoyed cars, speed, and their styling. He was just 12 years old when he sold his 4-H calf with the full intent to buy a car, with the help from his Uncle Ed. Larry had learned that a neighbor had a 1935 Ford for sale. Larry got up early and rode his bike to the neighbor and bought that 1935 Ford Slant Back Sedan. Larry threw his bike in the trunk of the car and proudly drove his purchase home. The car was smoking and burning oil, but Larry had made his first deal. When he pulled in the farm yard, his dad, looked at him and said, "Did you get the title?" Larry was so excited about the car, that he forgot to get the title. Larry knew from that moment that he was a deal maker and that sales was his thing from that point. He also got hooked with the collecting bug and started his love for old cars.

Menards has become a household name for building supplies and more in the Midwest, but this staple of the Midwest started with humble beginnings. When John and Larry Menard graduated from High School, their dad didn't want them to farm. John Menard started the business with building pre-fab buildings and Larry stepped in to help his brother. Their Dad gave them the first building and they would sell lumber out of a boxcar. That simple beginning selling lumber and pre-fab buildings quickly grew into what we know today as that fabulous building center for all your needs from bird seed to Lumber, Menards. Everything under one roof for all your building and home needs. Larry put his salesman skills to work and was the operations manager and helped set up new stores and did training for employees. He would travel around to the various Menard locations and work with employees and site locations. Larry always wanted to make sure that Menard had the "small town attitude" and didn't forget their humble beginnings and appreciation

for their customers. So many people knew Larry from the sales seminars that he did for employees and checking on Menard store locations. A quick encounter in the Eau Claire, Wisc. Menards store with Dawn's daughter, would lead to Dawn and Larry Menards next adventure, on the road of life.

Larry and Dawn connected immediately, after being re-introduced by Dawn's daughter. The connection was strong even though it had been many years and relationships. That's when they learned that their lives have crossed paths more than once. Dawn's brother had a friend Larry, that was always over at the house hanging out. Little did she know back then that this friend, would later be her soulmate. Larry was still that same kid that came over to hang out with her brother in high school driving a 1964 Ford Galaxie and they fell in love and back in time.

Larry's love for cars never ended. Larry and Dawn started building their collection of cars and memorabilia. Dawn and Larry loved to go to cruises with car buddies. They never missed Back to the 50's, and of course, Good Guys Car Shows. Larry and Dawn had a list of cars that they looked for and sought out. One in particular, a 1935 Ford, since that was his first car. The collection is filled with fabulous American Classics: an assortment of gas pumps, porcelain signs, and many pieces of memorabilia. Larry and Dawn loved the "hunt" for pieces to add to their collection. Larry would refer to Dawn as his "Lil' Car Show Buddy".

Through the years, the collection grew leading them to set a museum at their home. The collection has everything from a Rare 1963 Chevrolet Corvette Split Window Coupe with fuel injection and radio delete. This car came from the east coast and was built for speed. Larry got word from a friend that West Coast Choppers, owned by the infamous Jesse James, had a Rare 1957 Chevrolet Bel Air Convertible loaded up with rare fuel injection option, AC, and more. Jesse couldn't

bring himself to customize this rare car so Larry and Dawn brought the beauty to their collection. There was lots of fun to be had with a 1959 Series 62 Cadillac Convertible at Christmas and 1950 Ford Woody Wagon complete with a surfboard that was purchased from California. The collection has a complete series of, 1955-1957, Tri-Five, Nomad Wagons and Convertibles. A 1958 and 1959 Chevrolet Impala Convertibles finish off the 1950's collection. The Larry and Dawn Menard collection has something for everyone from: antique tractors, classic pickups, and even Cushman scooters. The collection wouldn't be complete without a host of 1935 Fords including: a beautiful 1935 Ford Pickup, 1935 Ford Slant-back sedan like his first car. The collection has desirable 3 and 5 window 1935 Ford coupes. The Menard collection has a fabulous 1940 Buick Eight Convertible and 1935 Ford Cabriolet Customs that will take you anywhere you want to go with engine and suspension upgrades. The Menard business also sponsored Racing and Paul Menard raced NASCAR and his 2007 Rolling race car is part of the collection with all the rub marks. Menards also sponsored an Indy Car raced by Tony Stewart. There is an assortment of beautiful pickups from a 1935 Ford Pickup to a 1957 Chevrolet Cameo pickup.

Their adventure continued for many years along the road of life through all the twists and turns they encountered. When Larry passed away it was a hard decision, but Dawn decided to sell the collection that they spent so many years putting together. VanDerBrink Auctions, LLC was contacted in December of 2019 and the auction planning started. COVID threw a wrench into the plans for the auction and meant several date changes and even a venue change. Dawn hopes that all the cars and memorabilia go to good homes and are enjoyed by their new owners as much as they enjoyed collecting and driving them.

THE LARRY AND DAWN MENARD COLLECTION

SATURDAY, OCTOBER 2, 2021 • 9:00AM

THE OLE' MILL CONVENTION CENTER- 5150 OLD MILL PLAZA, EAU CLAIRE, WISC., 54703

VANDERBRINK AUCTIONS is pleased to bring you the Larry and Dawn Menard collection. This amazing collection of collector cars, signs and gas & oil Petroliana was acquired over years of searching for just that car and just that piece of memorabilia. Larry and Dawn together enjoyed going to shows, auctions, and searching antique stores for items to add to their collection. Larry and Dawn Menard had their collection at their residence and enjoyed showing the collection other collectors. Larry Menard was often the face of Menards and spent many hours setting up and checking on Menard stores across the Midwest. This gave him a lot of time to look for the next addition to their collection. Larry passed away and the entire collection will be sold at auction. You won't want to miss this amazing sale and plan now to attend in person and or bid online on a chance to buy part of this amazing collection.
