VanDerBrink Auctions, LLC is pleased to bring you the Kansas Collection or Pontiac Hoard. All it took was that first drive in a Pontiac Judge, and Mr. Larson was hooked. He had many cars through the years, but Pontiacs ruled the garage. After he retired from the postal Service, and of course the Movie "Smokey and the Bandit", Trans Am's were all the rage. He spent many hours collecting Trans Ams, Firebirds, and other Pontiacs. He was constantly going to swap meets and looking for cars and accumulated a large assortment of Pontiac parts in the process. After his passing, the family has decided to sell his collection at auction to the highest bidder. If you are looking for cars and parts, you won't want to miss this auction! Live Onsite with Online bidding for vehicles. Must be present for parts.
