

## The Lake House Collection Online Auction

James Hultman had a flare for the unique and rare. He had a few loves and an ex-Wife, but his real love was rare and unique vehicles and motorcycles. James Hultman Liked the fact that no one in his small town of Alexandria, Minnesota would have the same car or motorcycle that he had. James bought mostly Rare and Unusual British Motorcycles. Ariel, Matchless, Norton, Moto Guzzi, Triumph, Ducati, he hunted for them and loved them all. But James taste wasn't only for the foreign, he was an American Biker and liked his Harley Davidson Motorcycles. He rode with his friend Bob Thomas and well, let's say they had many adventures. The 1954 Harley FL Panhead wasn't recently restored and he never got a chance to enjoy it. James not only enjoyed riding and collecting motorcycles, but James also bought unusual cars. The collection has a limited production 2003 Ferrari 575m Maranello, 1971 Jaguar Type E Roadster, 990 Porsche Carrera 911 Coupe, and a little 1993 Ford Mustang Convertible that is out of place, but it can really go with the 5.0HO. The Hultman Collection has approx. 53 unique motorcycles. What is really amazing that all this was hidden from plain view in a house on the shores of Lake Darling in Alexandria, MN. Nobody knew that this hoard of rare and unique bikes and cars was there.

James enjoyed and liked them so much that he had them in his home! That's right, James watched TV with his 1957 Ariel Square Four Motorcycle by the Recliner in his Living room! James had much of his collection in the upstairs of his home. James had developed a trap door system and a winch/hoist from the garage to get them up and down into his house to their resting place. Nobody was going to steal his stuff!

James's friend Bob Thomas, helped take care of his affairs and also road motorcycle with him and all those adventures of buying the unique motorcycles and cars. Bob remembers when they bought the 2003 Ferrari 575M that it was a fast ride from the East Coast to Minnesota. James loved that car. The dynamic duo traveled and rode the motorcycles and drove, fast, all the cars. But James's health wasn't good and he couldn't enjoy the collection anymore. Sadly, he passed away and his unique collection is being sold by VanDerBrink Auctions, LLC in an Online Only Auction. Bidding is now live and ends Sept. 20th, 2022 at 7PM! There are many rare motorcycles in the collection like a 1957 Ariel Square Four, 1944 BSA M20 Military Motorcycle, 1954 Harley Davidson FL Panhead, Triumph Tiger Cub and more Triumphs. 1969 Manxman 650 Motorcycle, 1967 Norton P11 Motorcycle, 1962 Vellolette Venom, 1969 BSA Victor 441 Motorcycle, and MORE!
