

**The Kerry McAvoy Collection Auction
Auction Results Story**

Kerry McAvoy grew up in rural Washington, GA. His Dad farmed and had a sawmill. Kerry helped out and worked on the farm. Kerry was working in the field and, thought, "I've had enough of this!" He threw down his hoe and walked to the bus station and enlisted in the Navy. He was on a mine sweeper ship and served his time. He came back and married his High School Sweetheart, Nancy. They settled in a small house and worked for his Dad and other jobs. He later built his own sawmill and started backing chair backs and later built the business to specialty floor trusses and other products. Kerry always loved those Fords and had a 40 Coupe, when he was younger. When the business got better it allowed him to buy back all those cars and pieces of history that he loved. He went and bought all those 1930's and 40's Ford that he loved so much. Those old bootlegger Coupes and more. He bought the family farm and built a town on his property that was a gas station that he remembered as a kid, a country store, and other buildings. He had car club meetings and even some weddings at the farm. Kerry also bought hundreds of signs that he remembered and loved and built his car collection.

The McAvoy's decided to sell their collection and contacted VanDerBrink Auctions, LLC to sell the collection. The entire collection of Cars and memorabilia was sold October 22nd, 2016 on the Farm in Washington, GA. The auction started out with selling the car collection with everything from 1940 Ford Coupe to 1957 Chevrolet's, pickups and Trucks. The auction proceeded into the Sign collection. One of the favorite cars of Kerry was the 1940 Ford Coupe which sold for \$23,000. A old school hotrod 1933 Ford Pickup Sold for \$32,000, a beautiful 1935 Ford Coupe sold for \$28,500 and the list goes on. The signs were sold in a tent with a cataloged sale. The Sunday night before the auction, someone had snuck into the secure property, right behind the McAvoy's house and stole 11 Sinclair, Coke, Sunbeam Bread and a Phillip Morris Sign. The video surveillance captured the crook. The Sherriff was called and we are still working with detectives and have several very good leads and still working the case. There were many gas pumps, globes, neon, painted tin, and porcelain signs. Some of the signs were a Sinclair Neon Motion Clock sold for \$3300, a Porcelain Neon Pontiac Sign sold for \$15,000, Neon Oldsmobile sign for \$8,000, and more. A rare Original Porcelain DS Rebel Oil Sign sold for \$10,500 and Kerry at 2 more that sold for \$8500 and also \$8,000. The afternoon was full of signs and excitement.
